

ORC Tracker™ - Organized Retail Crime

Protects all types of high-value assets with GPS tracking configured to your needs

The ORC Tracker protects assets targeted by Organized Retail Crime (ORC) groups. The device is customizable and deployed based on the assets that need to be protected. Set based on your needs, the ORC Tracker can quickly and safely protect against organized crime toward retail assets.

When the Crime Occurs

The ORC Tracker covertly waits and automatically activates when the crime occurs. Once activated, our own 24/7 security team and local law enforcement are informed. Our advanced tracking system reports the stolen asset's location every step of the way while law enforcement pursues and apprehends the thieves.

Features

- Automatically triggers
- Proprietary Safezone to keep the device off until the crime occurs
- Precise location technologies via our 4XG platform with GNSS, RF, LTE and WiFi
- Stores location data if the cellular signal is lost during tracking
- External LED enhances ease of use and security
- All data stored for evidentiary purposes
- Secure website for live tracking
- Text and email notifications
- Easy to use and minimal maintenance required
- Reliable performance ensured via daily battery check and semi-monthly health report w/ cellular connection
- Multiple vessel options
