CRIMES**

Pharmacy – Woodbridge, Ontario, CA – December 22

Between December 19 and 22, three suspects committed four pharmacy robberies and an armed carjacking. In all cases, the suspects entered the pharmacies armed with handguns and committed takeover style robberies. One suspect would order the pharmacist(s) at gunpoint to open the narcotic safes and cash registers. The other suspect would empty the narcotics and cash into bags they brought in with them. These robberies were committed using a car stolen during an armed carjacking. In this particular robbery, the suspects operated similarly but this time, they unknowingly stole a **PharmaTracker®**. Local police successfully tracked and apprehended two of the suspects – one was 14 years old and the second was 17 years old. All the stolen cash and drugs were recovered from this crime. They were finally charged in four armed pharmacy robberies and an armed carjacking. The investing is continuing as police look for other suspects and additional crimes.
